Archetype Buffet™ ~ A very special food

Wysong Archetype™ Diets (are • kah • type - meaning the original model, the way things are meant to be) seek to emulate the food animals eat in the wild - the diet they are genetically programmed to eat. Archetype Buffet™ is complete with non-heat degraded True Non-Thermal (TNT™) freeze-dried meat, organs, bones, collagen, proteoglycans (chondroitin, glucosamine), pre- and probiotics, and enhanced with phytonutrient and antioxidant-rich fruits and vegetables.

1. Archetype Buffet™ is ALIVE like all real foods in nature and has intact the synergistic complexity of life itself.
2. Archetype Buffet™ is complete with meat, organs, bones, plant nutrients and micronutrients.
3. Archetype Buffet™ contains properly balanced essential fatty acids including omega-3's and medium chain triglycerides stabilized with Wysong's natural Oxherphol™ antioxidant.
4. Archetype Buffet™ is free of additives commonly used to create color, texture, taste, stool consistency and shelf-life.
5. Archetype Buffet™ is optimal nutrition beyond minimal regulatory standards for so-called "100% complete" diets.
6. Archetype Buffet's™ value cannot be measured on a cost per pound basis. First, if rehydrated, Archetype Buffet™ creates the equivalent of 11 - 5.5 oz. cans per bag. More importantly, its fresh, unaltered, "living" nutrients promote optimal health, the ultimate measure of a food's value -

Most importantly - **Wysong Works!**

FEEDING GUIDE

GENERAL INSTRUCTIONS: Use Archetype Buffet™ as a singular food for a meal, as well as a supplement or treat. Archetype Buffet™ meets the nutritional levels established by the AAFCO Dog Food Nutrient Profile for All Life Stages and Cat Food Nutrient Profile for Maintenance, but for optimal nutrition should be used in combination with, or as an alternative to, meals of the various Wysong canned and dry diets, Wysong supplements, and fresh foods. Variety is the spice of health. (Request Wysong Optimal Health Program™ brochure.) Gradually introduce this highly concentrated food to avoid digestive upset.

Always keep fresh, pure water available (life-enhanced with Wysong WellSpring™ water rejuvenator) and offer plenty of fresh air, sunshine, exercise, and big doses of your tender loving care.

DIRECTIONS: The following amounts suggested should be decreased in proportion to the amount of supplementation with fresh whole foods or Wysong Diets™. Additionally, factors such as stress, amount of activity and breed of pet may make it necessary to adjust the amount of feeding. Discard or repackage uneaten portions.

Rehydrate Archetype Buffet™ on a 1:1 basis (i.e. 1 cup of dry Buffet with 1 cup of water). Mix dry Buffet with warm (not hot!) water, and let stand for approximately 15-20 minutes or until a stew-like mixture is formed. You may use more or less water, or feed dry, depending upon your pet's preferences. Using the recommended proportions, 1/2 cup (1.8 oz.) of Archetype Buffet™ rehydrates to approximately one 5.5 oz. can of food.

- 1) Fill bowl. 2) Add warm water. 3) Wait 20 minutes. 4) Serve!

ARCHETYPE BUFFET DIET FEEDING AMOUNTS

If Archetype Buffet™ is fed singularly on any given day, the following amounts apply:

Pet's Weight (lb.)	5	10	20	40	60	80	100
Cups Daily*	1/4	1/2	1 1/4	2	3 1/4	4 1/4	5 1/4
Amount of Water (cups)	1/4	1/2	1 1/4	2	3 1/4	4 1/4	5 1/4

*Approx. feeding amount before rehydrating on a 1:1 ratio with water.

*Safe Handling Instructions: This product contains raw meats. Use the same precautions you would with any other raw meat. Wash hands and surfaces after contact. Keep product away from children. To ensure freedom from food borne pathogens, the product should be properly cooked. For information on the safe storage, handling, and preparation of raw meats, we encourage you to call the Meat and Poultry hotline at 1-888-MPHOTline, and/or visit www.FoodSafety.gov.

~ WYSONG PHILOSOPHY ~

Wysong Corporation's purpose is to create products and educational aids to enhance the health of humans, animals, and the environment.
