SERIOUS SNACKIN'™

DOCTOR'S DREAM TREATS™

The Thinking Person's Pet Supplement Treat™

Healthy TEETH

For Dogs, Cats, & Ferrets

Dream Treats™ are a meat-only snack, uniquely processed without the use of damaging heat. In addition each meaty disc is loaded with extra vitamins, minerals, probiotics, enzymes and powerful natural nutraceuticals. Developed by our own Dr. Wysong, manufactured in our own special USDA facility, nothing could be better for your dog or cat!

Great tasting, no-worry no-guilt snacking for the important companion in your life. The no-mess discs are easy to carry along for training treats and excellent to share any time. Serve every day to ensure an optimal supply of important nutrients and as a gift of love... real food your pet dreams about.

FEEDING INSTRUCTIONS: For cats and small dogs, break disc into bite-sized pieces. One-half to one disc is adequate for a cat or small dog at treat time. Larger dogs will beg for the whole disc. Dream Treats are excellent natural nutrition and can even be used as an alternate meal now and then.

The power nutrition of Dream Treats may make your pet eat less of the regular food. Always provide plenty of fresh, pure water as well as sunshine, tender loving care, and the variety of foods recommended in the Wysong Optimal Health Program for Pets™.

Handling Guidelines for Safe Use: Some raw food products may contain bacteria that could cause illness to you or the animals you are feeding if mishandled. For your protection, follow these instructions for safest use: 1. Keep raw meat and poultry separate from other foods. 2. Wash working surfaces, utensils (including preparation and feeding bowls), hands, and any other items that touch or contact raw meat or poultry with hot soapy water. 3. Refrigerate leftovers immediately or discard.
