**FEEDING INSTRUCTIONS:** For cats and small dogs, break disc into bite-sized pieces. One-half to one disc is adequate for a cat or small dog at treat time. Larger dogs will beg for the whole disc. Dream Treats are excellent natural nutrition and can even be used as an alternate meal now and then.

The power nutrition of Dream Treats may make your pet eat less of the regular food. Always provide plenty of fresh, pure water as well as sunshine, tender loving care, and the variety of foods recommended in the Wysong Optimal Health Program for Pets™.

**Handling Guidelines for Safe Use:** Some raw food products may contain bacteria that could cause illness to you or the animals you are feeding if mishandled. For your protection, follow these instructions for safest use: 1. Keep raw meat and poultry separate from other foods. 2.
