Crude Fat	Min. 3.5%	Moisture	Max. 75.0%

FEEDING GUIDE: Use as a supplement to and top-dressing for dry Wysong Diets™ in conjunction with the Wysong Optimal Health Program™ for animals. Growth™ can be fed at a rate of approximately 13.2 oz. (1 can) per 20 lbs. of your dog's body weight. This should be divided into at least 2 daily portions, and should be decreased in proportion to the amount of supplementation with other foods. Refrigerate or freeze unused or uneaten portions. Allow to reach room temperature or, if you choose, lightly warm leftover food (in proper container) before feeding again. To maximize nutritional benefits, supplement with AddLife™ or the appropriate Wysong Biotic™ supplement (enzymes and vitamins), Pet Inoculant™ (direct fed microbes), and E.F.A.™ (essential fatty acids).

Net Wt. 4 lbs. (1.81 kg)

~ WYSONG PHILOSOPHY ~

Wysong Corporation's purpose is to create products and educational aids to enhance the health of humans, animals and the environment. Wysong Diets™ have emerged from this commitment and are part of an advanced Optimal Health Program™ (see below) scientifically developed by Wysong and refined since 1979.

Features:

- **FRESH:** Fresh ingredients as starting materials.
- **NATURAL FORM:** An emphasis on naturally complexed nutrients — not just isolated improperly balanced, poorly bioavailable synthetics or food fractions.
- **NUTRITIOUS FATS:** Carefully chosen, processed, and packaged to protect against free radical/oxidation degradation.
- **PHYTONUTRIENTS:** An array of nutrients from fresh plant sources.
- **VARIETY:** Designed for variety and maximum nutrition.
- **PRESERVATION:** Nutri-Pak™ oxygen- and light-barrier, non-permeable packaging that prevents nutrient degradation by oxygen and light.
- **NUTRITION-FIRST PROCESSING:** Specialized processing to protect fragile nutrients.

FREE WYSONG E-MAIL SUBSCRIPTION SERVICE ~ Short periodic E-mail postings containing provocative thoughts, new research findings, resources, new products, humor, health-related news...and more. Just E-mail us at wysong@wysong.net and say "Subscribe" — Easy to unsubscribe too.

FREE WYSONG OPTIMAL HEALTH PROGRAM BROCHURE ~ Explains by means of a pyramid the steps necessary to create optimal health for companion animals. These four pages contain more wisdom than a degree in nutrition provides. Free with your self-addressed stamped envelope, or at www.wysong.net.

FREE WYSONG PRODUCT CATALOG ~ Hundreds of products for thinking people and their companion animals. Free, or visit our website at www.wysong.net.

THE THINKING PERSON'S MASTER KEY TO HEALTH ~ An entertaining and thought-provoking relook at how health should be approached. Dr. Wysong wipes away all the modern assumptions on nutrition and health and with a clean slate logically rebuilds proper thinking. If you would like to take control of your health destiny and that of your family and pets, and know you are doing the right thing, this is the place to start. CD \$12.95.

THE TRUTH ABOUT PET FOODS ~ A 256-page, 32-chapter book describing the crisis in the modern approach to animal feeding. A definite eye-opening wake-up call for anyone wanting to avoid modern pet feeding traps and learn how to take intelligent control of health. Softcover \$12.95.

HOW TO APOLOGIZE TO YOUR PET— Fresh and Varied Feeding with the Wysong Optimal Health Program ~ A 28 pp. booklet with practical advice about feeding your pet to optimize health and longevity. Includes background and recipes. Illustrated. Softcover Free. *Are you feeding correctly? Visit www.wysong.net for details.*

NUTRI-CLIP™ ~ Protect the high nutritional value of your Wysong food. Reusable sealing device for Nutri-Pak™ packages. Can be used for convenient closing of other packages as well. Free with paid order of any of the above.

Growth Canine Diet is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profile for All Life Stages.

INGREDIENTS

Chicken, Chicken Giblets, Ground Corn, Ground Wheat, Ground Brown Rice, Ground Oat Groats, Poultry Fat (preserved with mixed Tocopherols as a source of vitamin E), Eggs, Plums, Dried Wheat Grass Powder, Dried Barley Grass Powder, Whey, Dried Yogurt, Lecithin, Citric Acid, Natural Extractives of Sage, Natural Extractives of Rosemary, Dried Kelp, Fish Oil, Salt, Garlic, Black Pepper, Artichoke, L-Carnitine, Dried Bacillus subtilis Fermentation Product, Dried Enterococcus faecium Fermentation Product, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Lactobacillus lactis Fermentation Product, Dried Yeast Culture, Dried Aspergillus oryzae Fermentation Product, Dried Aspergillus niger Fermentation Product, Ascorbic Acid, Zinc Proteinate, Iron Proteinate, Vitamin E Supplement, Niacin Supplement, Manganese Proteinate, Calcium Pantothenate, Thiamine Mononitrate, Copper Proteinate, Pyridoxine Hydrochloride, Riboflavin Supplement, Vitamin A Acetate, Folic Acid, Biotin, Vitamin B₁₂ Supplement, Vitamin D₃ Supplement.

FEEDING GUIDE

GENERAL INSTRUCTIONS: Any sudden change in diet may result in digestive disturbances. Wysong Diets™ are unique formulations, and should be gradually introduced. Over a period of 15 days, mix Wysong with the present diet beginning at about 10% and then gradually increase proportions. If difficulties arise, return to a smaller percentage and try again. Problems may require the use of another Wysong Diet™, or supplementation with products such as C-Biotic™, AddLife™ and Pet Inoculant™.

The amount fed should be adjusted to maintain an ideal body weight. Do not overfeed, regardless of the pet's eagerness. Overconsumption leading to digestive upset is the most common difficulty pets have adjusting to this highly concentrated, unique nutritional formulation.

To augment and provide occasional variety to the diet: lightly heat, add water, sprinkle with Wysong AddLife™ or C-Biotic™, offer Wysong Biscuits™, or mix with Wysong canned diets, Archetype™ Diets, and fresh whole foods.

Always keep fresh, pure water (enhanced with Wysong WellSpring™ water rejuvenator) available and offer plenty of fresh air, sunshine, exercise, and big doses of your tender loving care.

The following amounts suggested should be decreased in proportion to the amount of supplementation with fresh whole foods, Archetype™ Diets, or Wysong canned diets. Additionally, factors such as stress, amount of activity and breed of pet may make it necessary to adjust the amount of feeding.

If fed singularly on any given day, the following general instructions apply:

(Puppies should be fed free choice)

Weight of Dog	10 Lbs.	20 Lbs.	40 Lbs.	60 Lbs.	80 Lbs.
Amount of Daily Feeding	2/3 cup	1-1/2 cups	2-1/2 cups	3-3/4 cups	4-3/4 cups
