

The Thinking Person's Ferret Food

Using Nature as a Principle...

*W*e here at Wysong take your trust seriously. Over two decades of research have been dedicated to creating products with health as the utmost priority. Wysong products are conceived by common sense, grounded in science, developed through logic, proven with results.

Here's what's special about Ferret Archetypal-2™ ...

- Ferret Archetypal-2 uses fresh ingredients as starting materials with an emphasis on naturally complexed nutrients – not just isolated, improperly balanced, poorly bioavailable synthetics or food fractions.
- Ferret Archetypal-2 meets the nutritional needs of ferrets for a food rich in concentrated fats as the main source of energy and quality, meat-based protein.
- Ferret Archetypal-2 contains health and immune-enhancing fatty acids including omega-3s, which are stabilized with Wysong natural Oxherphol™ antioxidant.
- Ferret Archetypal-2 is free of non-nutritional additives used by manufacturers to create color, texture, taste, stool consistency and shelf life.
- Ferret Archetypal-2 is naturally preserved with Wysong Oxherphol™ antioxidant, Nutri-Pak™ oxygen and light-barrier packaging, and fats and oils purged of oxygen by special processing.
- Ferret Archetypal-2 uses probiotic cultures – living microorganism cultures to create intestinal balances and health, plus oligosaccharides to promote probiotic growth – not food devoid of living elements creating increased vulnerability to pathogens.
- Ferret Archetypal-2 uses vitamins and minerals in their most bioavailable forms, with pepper extract to increase absorption by as much as 250% – not singular, improperly balanced, poorly available synthetics.

–Wysong works!

Wysong Diets are uniquely formulated and processed – to achieve optimal nutrition. This new rational approach to feeding seeks to mimic archetypal genetic patterns and puts health as the number one priority. This is far superior to the industry standard approach of analytical values or feeding trials on laboratory animals, which targets minimal nutrition and has been proven in scientific studies to risk disease* in spite of “100% complete and balanced” claims.

Be a thinking person. Learn how to help your pet be the best it can be by moving beyond marketing claims of “completeness” to an informed place of feeding for health. To maximize your feeding success, follow the Wysong Optimal Health Program™*. Rotate among Wysong Diets and supplement with fresh foods, Wysong probiotics, enzymes and fatty acids. Do not feed processed foods exclusively, regardless of seductive claims of testing or completeness.

ANALYSIS

INGREDIENTS

Chicken, Chicken Giblets, Poultry Fat (Preserved With Mixed Tocopherols as a Source of Vitamin E), Ground Brown Rice, Ground Wheat, Ground Corn, Ground Oat Groats, Whole Egg, Fish Oil, Coconut Oil, Salt, DL-Methionine, Taurine, Plums, Dried Wheat Grass Powder, Dried Barley Grass Powder, Whey, Dried Yogurt, Lecithin, Citric Acid, Natural Extractives of Sage, Natural Extractives of Rosemary, Dried Kelp, Garlic, Black Pepper, Artichoke, Dried Bacillus subtilis Fermentation Product, Dried Enterococcus faecium Fermentation Product, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Lactobacillus lactis Fermentation Product, Dried Saccharomyces cerevisiae Fermentation Product, Dried Aspergillus niger Fermentation Product, Dried Aspergillus oryzae Fermentation Product, Ascorbic Acid, Zinc Proteinate, Iron Proteinate, Vitamin E Supplement, Niacin Supplement, Manganese Proteinate, Calcium Pantothenate, Thiamine Mononitrate, Copper Proteinate, Pyridoxine Hydrochloride, Riboflavin Supplement, Vitamin A Acetate, Folic Acid, Biotin, Vitamin B₁₂ Supplement, Vitamin D₃ Supplement.

GUARANTEED ANALYSIS

CRUDE PROTEIN	MIN.	35.0%
CRUDE FAT	MIN.	20.0%
CRUDE FIBER	MAX.	3.0%
MOISTURE	MAX.	12.0%
TAURINE	MIN.	0.30%

FEEDING

FEEDING GUIDE

GENERAL INSTRUCTIONS:

Feed Ferret Archetypal-2™ dry. To augment and provide occasional variety: lightly heat, add water or sprinkle with Wysong F-Biotic.

Variety is the spice of health. Use Ferret Archetypal-2 in combination with or as an alternative to Ferret Archetypal-1™, Archetype Burgers™, All Meat™ canned diets, and fresh foods.

Always keep fresh, pure water available (life-enhanced with Wysong Wellspring™ water rejuvenator) and offer plenty of fresh air, sunshine, exercise and big doses of your tender loving care.

DIRECTIONS:

Gradually introduce Ferret Archetypal-2 to avoid digestive upset. Mix with the present diet beginning at about 10% and then gradually increase proportions.

Ferrets should have fresh food and water available at all times. Freshen uneaten food daily.

The Wysong Philosophy: *Wysong Corporation's goal is to create products and educational aids to enhance the health of humans, animals, and the environment.*

Wysong Diets have emerged from this commitment and are part of an advanced Optimal Health Program scientifically developed by Wysong and refined since 1979.
